Special seat

Valco Baby Tri Mode EX \$500,
Joey Toddler Seat \$80

"Once assembled, it became clear that the Tri Mode EX was ready for all occasions with an obviously durable and sound design."

Tandem transporter

Chicco Cortina Together \$270

"The Cortina Together came just in time for a cross-country flight with my two children sans husband. From the lightweight frame to the one-hand fold to the easy-access basket, it was a huge help."

Sit-and-stand contraption

Joovy Ergo Caboose \$400

"I knew my toddler would enjoy the freedom of sitting on the rear bench seat or standing on the platform of the Ergo Caboose. The stroller features a large canopy and roomy storage basket."

Inline design

Candy Peach Blossom \$1,050

"My favorite aspect of the Peach Blossom is its versatility. Sometimes I have both my baby and toddler and sometimes I have just one—this stroller can be modified accordingly."

Convertible cruiser

Misty 4Rider \$599, Diaseat \$199

"When my husband finished assembling the 4Rider, he said, 'Honey, your Rolls-Royce is ready.' It drives like a dream: Guiding it with one hand is no problem, and it handles bumps like a Cadillac."

Accommodates a newborn, a toddler or even two tots!
